

BOARD MEETING MINUTES
Oregon State Board of Pharmacy
800 NE Oregon Street
Portland, OR 97232
August 8 - 9, 2006

Tuesday, August 8, 2006

OPEN SESSION, Marcus Watt, R.Ph. Presiding

Roll Call

The following Board Members were present:

Marcus Watt, President
Bernie Foster
Linda Howrey
Cathryn Lew
Dianna Pimlott
Marcus Watt
Ann Zweber

The following Board Member was not present:

Lee Howard

The following staff were present:

Gary Schnabel, Executive Director
Karen MacLean, Administrative Director
Gary Miner, Compliance Director
Joe Ball, Chief Inspector
Mike Beck, Inspector
Michele Cale, Inspector
Tony Burt, Project Manager
Annette Gearhart, Compliance Secretary
Paige Clark, Pharmacist Consultant

Thomas Cowan, Board Counsel

President Marc Watt opened the meeting at 8:30 a.m.

Introduction of New Board Member

Board President Marc Watt introduced new Board Member Dianna Pimlott. Dianna is from Florence, Oregon and works at PeaceHealth Medical Group. Marc asked all present to introduce themselves to her, and read the official installation speech for new Board Members.

MOTION

**Motion to accept the items on the revised consent agenda was made and unanimously carried.
(Motion by Howrey, second by Lew.)**

MOTION

Motion to approve the agenda as revised was made and unanimously carried. (Motion by Lew, second by Zweber.)

MOTION

Motion to approve Board meeting minutes for February 7 - 8, 2006 and April 4 - 5, 2006 as revised was made and unanimously carried. (Motion by Howrey, second by Foster)

MOTION

Motion to enter into the Executive Session at 8:35 a.m. was made and unanimously carried. (Motion by Foster, second by Howrey.)

MOTION

Motion to exit out of Executive Session and enter into Open Session at 3:30 p.m. was made and unanimously carried. (Motion by Lew, second by Howrey.)

MOTION

Motion to go into contested case deliberations pursuant to ORS 192.690(1) was made and unanimously carried. (Motion by Howrey, second by Lew.)

MOTION

Motion to come out of contested case deliberations and into Executive Session was made and unanimously carried. (Motion by Howrey, second by Foster.)

MOTION

Motion exit out of Executive Session and enter into Open Session was made and unanimously carried. (Motion by Foster, second by Lew.)

ISSUES/ACTIVITIES

Reports

Board President/Members

Board President Marc Watt discussed concerns regarding the Institute for the Certification of Pharmacy Technicians (ICPT), which said they would give staff access to score information, but have yet to actually do so. Staff will follow up on this topic and report back to the Board.

Board Member Cathy Lew reported that she had volunteered to be on a committee to evaluate online testing for the Pharmacy Technician Certification Board (PTCB). PTCB will be starting their computer based testing soon, and there will be a PTCB stakeholder meeting in Washington DC.

Cathy reported that Pharmacist Consultant Paige Clark and she met with Dr. Gary LeClair from the Board of Medical Examiners to discuss pain management and the Prescription Drug Monitoring Program.

Board Counsel responsibilities have been reassigned and Assistant Attorney General Tom Cowan will now be acting as general counsel and litigation counsel for the Board. In addition, Tom acts as General Counsel for the Board of Nursing. Tom shared that he is thrilled to be working with the Board, and has worked with a number of different agencies, and the efficiencies and professionalism of our investigative staff is exemplary.

OPEN FORUM

Board Member Bernie Foster thanked Board President Marc Watt for a good meeting.

MOTION

Motion to adjourn at 4:30 p.m. was made and unanimously carried. (Motion by Foster, second by Lew).

Wednesday, August 9, 2006

OPEN SESSION, Marcus Watt, R.Ph. Presiding

Roll Call

The following Board Members were present:

Marcus Watt, President
Bernie Foster
Linda Howrey
Cathryn Lew
Dianna Pimlott
Marcus Watt
Ann Zweber

The following Board Member was not present:

Lee Howard

The following staff were present:

Gary Schnabel, Executive Director
Karen MacLean, Administrative Director
Gary Miner, Compliance Director
Joe Ball, Chief Inspector
Mike Beck, Inspector
Michele Cale, Inspector
Judy Van Uden, Inspector
Tony Burt, Project Manager
Annette Gearhart, Compliance Secretary
Paige Clark, Pharmacist Consultant

Thomas Cowan, Board Counsel

Board President Marc Watt welcomed a number of Oregon State University Interns, who were in attendance.

ISSUES/ACTIVITIES CONT.

Compliance Director Gary Miner reported that there is a 70% compliance rate in pharmacies inspected so far. Inspector Mike Beck shared that 26% of pharmacies inspected have received warning notices from the Board for non-compliance.

Gary Miner shared that an Oregon State University intern has helped to put several projects together for Board staff. Also that a FAQ section for compliance has been added to the website as well as a new web page on the site for Pain Management continuing education.

Gary also discussed that Executive Director Gary Schnabel and himself have been invited to the School-Based Health seminar in October. This is a priority for the Governor and has a of issues to be resolved.

Board President Marc Watt thanked the staff for catching up and that he feels they are doing a good job.

Board Member Bernie Foster asked how often our web site is visited. Administrative Director MacLean reported that our site is actively used and we can get a weekly report of usage if the Board would like to see it. The Board indicated that they would like a report of this information in the future

Administrative Director Karen MacLean reported that she has been very busy with agency operations, budget preparation and covering administrative issues for Executive Director Gary Schnabel in his recent unexpected absence. Gary commented on Karen's workload, coverage and thanked her for covering all the bases.

PRN Director

No report.

2006 - 2007 Board Dates:

- | | | |
|-------------------------|-----------|--|
| • September 14-15, 2006 | Salem | <i>In conjunction with OSPA Annual Meeting</i> |
| • October 17-18, 2006 | Portland | <i>Strategic Planning</i> |
| • December 5-6, 2006 | Portland | |
| • February 6 – 7, 2007 | Corvallis | |
| • April 3 – 4, 2007* | Portland | |
| • May 19 – 22, 2007 | Portland | <i>NABP Annual Meeting</i> |
| • June 5 -6, 2007 | Portland | |
| • August 7 – 8, 2007 | Portland | |
| • October 3 - 6, 2007 | Ashland | <i>NABP District VII/VIII Meeting</i> |
| • October 16-17, 2007 | Portland | |
| • December 4 – 5, 2007 | Portland | |
| • Strategic Planning | TBA* | |

The Board had an extensive discussion regarding Board Meeting dates, days and locations. Board President Marc Watt commented that Mondays generally pose a problem for staff and pharmacists. Marc questioned the Corvallis location for the February 2007 Board Meeting, what the purpose of going to Oregon State University, and the value of students attending Board Meetings. Board Member Linda Howrey sees value for students to see how a meeting is run.

Board Member Cathy Lew observed that reconnecting with faculty is valuable. Linda commented that she looks most forward to our time at Corvallis. Linda further proposes moving the meeting to April 16, 17, and 18th which would be Law Week at Pacific University.

Board members agreed that the Bend evening meeting outreach in July was more focused towards practitioners, and the meeting in Corvallis to students. Deanna Moretz from the OSU School of Pharmacy commented that outreach be done centrally because she's is at the Portland OSU campus and misses out on activities in Corvallis.

Marc suggested we have the April Board Meeting at Pacific University. Upon further discussion it was decided that one of the days will be moved to Pacific University, the February meeting in Corvallis will stay as scheduled.

Committees / Meetings

Senate Interim Public Health Committee, June 21, 2006

Executive Director Gary Schnabel reported on the Senate Interim Public Health Committee meeting held in June. Senators Gordly and Kruse co-sponsored SB 1093 last session for PDMP. They have asked for another report for more statistics on the program. Pharmacist Consultant Paige Clark and Project Manager Tony Burttt will be working on the report. The Pain Commission was also in attendance. There was some crossover on topics and support between the Board of Pharmacy and the Pain Commission. Board Member Bernie Foster commented that there is momentum on this topic, and to keep going and maintain the momentum until passage.

Board Member Cathy Lew commented on the Pain Commission's (PC) report at this meeting. They reported that getting relief for pain is critical, and thinks that this bill may create barriers for doctors working in pain management. However the physician groups are becoming more vocal that this is a good program. The Board will be doing more statewide education about the bill and proper pain management if the bill passes. Paige Clark added that addiction specialists are really on board and excited about the program.

Board of Nursing, Board Meeting, June 22, 2006

Executive Director Gary Schnabel attended the Board of Nursing meeting on June 22, 2006. Gary reported that there was good dialog between the two groups. The Board of Nursing wouldn't take a position without a printed bill, but they do plan to support the legislation. Oregon Nurses Association (ONA) will probably be in support as well also. The Board of Pharmacy plans to be at the ONA Nurse Practitioner Conference, and will use grant funds for this program.

OSU/Pacific University Program Meeting, June 27, 2006

Gary Schnabel reported there are preceptor-intern issues for both schools. A desire exists for ongoing dialog regarding rules involving both schools. From a regulatory standpoint, it is important to stay in contact. This meeting provided a good forum for open dialog.

Compliance Director Gary Miner shared that coordinating clerkship schedules, and working with schools in surrounding states, as well as preceptor training combined with competency statements are issues that should be addressed. The Board discussed these and agreed that the staff will take the lead on handling these issues.

Board Member Linda Howrey shared that Florida has gotten rid of all intern hours in their schools of pharmacy, since students get adequate hours in their program.

Deanna Moretz from the OSU School of Pharmacy shared that she would need to know who will be attending the September 14th Northwest Consortium Preceptor Training, she further shared that the Washington Board may start to offer CE for preceptors as an incentive, and offered that we should appoint someone from staff to attend the meeting.

USP 797 June 29, 2006

Compliance Director Gary Miner and Board Member Cathy Lew reported that the Board hosted a meeting for USP 797, the Research Council members were present. They shared that it was a very interesting meeting, and that the experts gave a lot of insight.

NACDS Pharmacy and Technology Conference, Aug 26-30, San Diego

Pharmacy Inspector Michele Cale will attend the NACDS Conference later this month.

NABP District VII/VIII Meeting, Oct 4-7, Anaheim

Administrative Director Karen MacLean and Project Manager Tony Burt will attend to prepare for hosting next years District Meeting. Karen reported that her expenses are mostly covered through personal resources. Gary Schnabel will also attend. Board Members Cathy Lew and Ann Zweber shared that they would also like to attend. The Board discussed and approved attendance and expenses.

NABP Fall Education Conference, Nov 3-4, Savannah, GA

The Board discussed and approved for Board President Marc Watt and Board Member Bernie Foster to attend the NABP Fall Education Conference in Savannah, GA.

Research Councils

USP 797

Board Member Cathy Lew reported the group is stepping up and are getting familiar with the issues. The meeting involved a round table discussion on where people are with USP regulations. The group determined that the main barriers are remodeling and rules. A taskforce brought back some proposed revisions to the USP comments. Cathy passed out notes regarding some of the proposed revisions and discussed them with the Board. If the Board supports these changes, Cathy will respond by the deadline of 8/15/2006 with the Board's comments. The Board supports the proposed revisions.

ASHP

Sue Stein arranged a networking opportunity on July 31st at the office. The group discussed the hot topics and interesting facts. The next meeting is scheduled for October 11th.

Electronic Transmission/Signatures

Project Manager Tony Burt reported that the next meeting will be on September 7th. The original meeting was postponed due to a delay by the feds. New Board Member Dianna Pimlott shared that she would like to participate on this Council. Tony reported that Jody Pettit should be involved, and will add names to the Council of those who are interested in participating.

Central Fill

Allan Dulwick was not present to discuss this topic. A meeting is planned for late September.

Medication Therapy Management Service

Board Member Linda Howrey had nothing new to add on this topic. Board President Watt said the goal is to remove barriers in our rules. Linda has spoken to Oregon State Pharmacy Association (OSPA) about possible legal concepts.

Position Papers

Board Member Cathy Lew proposed considering a publication, paper or addition to our web page with information on medication errors to increase awareness.

GENERAL ADMINISTRATION

Staff Policy Questions

Compliance Director Gary Miner referred to the April 2002 minutes where the Board addressed bar coding verification by technicians. No waiver was given at the time. Executive Director Gary Schnabel asked how prior verification works. Gary Miner and Gary Schnabel suggested the Board think about how technology may drive possible rule changes and how past discussion works with new technician rules and final verification.

Gary Miner addressed the administration of vaccinations 855-041-0500 (3)(B) rule as it relates to CPR training. Gary reported that people are certified by other organizations, not through the Board. The Board considered adding equivalent program as they approved. The documentation can be placed on file in the pharmacies, or revise the rule to prove documentation.

OSU non-pharmacist exception request

Compliance Director Gary Miner discussed how the pharmacist preceptors evaluate their students. The Board discussed and determined a description about what the student is going to learn is needed for this request. Discussion will be continued in the future, pending more information.

MOTION

Motion to delegate to staff to approve pending more information was made and unanimously carried. (Motion by Zweber, second by Lew)

Board Member Confidentiality

Board Counsel Tom Cowen gave an overview on Board members' responsibilities in regard to confidentiality, voting, recusal, and conflicts-of-interest; conflicts, bias, due process, and how fairness comes into play when discussing and voting on Board business. He gave a number of examples.

Safe Syringe Disposal

Board Member Cathy Lew discussed the handout and request sent to the Board and staff. In response Board President Marc Watt pointed out that by statute garbage collectors are required to pick up syringes. More is happening with this topic at the statewide level. Cathy will keep us informed.

Executive Director Gary Schnabel pointed out that we could include the handout with our budget to show how the Board is involved in supporting a safer Oregon.

Organizational Restructuring

Board President Marc Watt requested staff to report at the September Board Meeting, ways to streamline the rule making process.

FPGEC waiver request

Compliance Director Gary Miner presented a request for waiver from taking the Foreign Pharmacy Graduate Equivalency Exam (FPGEE). The Board discussed and approved request.

MOTION

Motion to approve FPGEC waiver request was made and unanimously carried. (Motion by Lew, second by Zweber.)

Intern Licensure/Preceptor Training requirements

Board directed staff to draft language regarding intern licensure and preceptor training requirements. The Board would like to limit intern licenses to four years and then grant only exception for extensions as needed.

Board Appointment List

Executive Director Gary Schnabel will be talking with Mike Patrick regarding reappointment to the Rural Health Committee in September.

Wholesale Model Rules

Project Manager Tony Burt reported on proposed rule revisions to the Wholesale and Manufacturer rules. One proposed change inserts a new definition for "Shared Pharmacy Service" and revises definition of "Compounding". Both these definitions are used in revised Division 60 and 65 and will be used in Division 41 when it is revised, hopefully next year. In Division 060, text is revised to create an exception for "Compounding" as a part of a "Shared Pharmacy Service" agreement.

For Division 065 the whole division is revised as discussed at last Board Meeting.

MOTION

Motion to move to Division 006 to rulemaking was made and unanimously carried. (Motion by Lew, second by Howrey.)

MOTION

Motion to move Division 060 to rulemaking was made and unanimously carried. (Motion by Lew, second by Zweber)

MOTION

Motion to move Division 065 to rulemaking was made and unanimously carried. (Motion by Zweber, second by Lew.)

CE Pain Management Rules

Project Manager Tony Burt shared that proposed revisions adds a new section on Pain Management Education, implementing ORS 409.560 and ORS 409.565, as required by 2005 Legislation

MOTION

Motion to move Division 021 to temporary and subsequent proposal rulemaking was made and unanimously carried. (Motion by Lew, second by Zweber)

Device Samples Rules

Tony Burt reported that proposed revisions deletes the requirement for manufacturers to submit samples. Tony shared that the Board has support from DHS for this revision.

MOTION

Motion to move Division 070 to rulemaking was made and unanimously carried. (Motion by Lew, second by Zweber

Excluded Substances Rule

Proposed revisions to Division 080 would add two common decongestants to the list of drugs excluded from the scheduled list.

MOTION

Motion to move Division 080 to Temporary rulemaking and then to Permanent rulemaking with corrections was made and unanimously carried. (Motion by Zweber, second by Lew).

Fees

Proposed revisions correct license fees for certified pharmacy technicians to include delinquent renewal fee.

MOTION

Motion to move Division 110 to rulemaking made and unanimously carried. (Motion by Zweber, second by Lew).

Pain Management Position Statement

Board discussed and determined that Pharmacist Consultant Paige Clark and Board Member Cathy Lew would be best to work on drafting a position statement on this issue. It was also decided that Pain Management Continuing Education programs will be listed on the Boards website along with the Position Statement. The Board thanked Paige and Cathy for their help.

Drug Destruction Project

Gary Schnabel reported on the latest activities relating to drug destruction and clean water efforts. Gary asked for a Board member who would be willing to chair this committee. Janet Gillespie has been raising grant funds to hire a part time project coordinator. Gary asked if Board Member Lee Howard would be interested, or the Board could get a list of former Board members and ask if they would be interested.

Rules Advisory Group Recognition

The Board of Pharmacy recognizes the efforts of the members of the Wholesaler Rules Advisory Group and the invaluable assistance that they have given to the Board and its staff in the process leading to the development of suggested revisions to wholesaler rules. The Board extends its thanks to all the members of the group and instructs staff to arrange for a letter of thanks to be sent to each member of the group on behalf of the Board.

MOTION

Motion to recognize members of wholesaler taskforce was made and unanimously carried. (Motion by Howrey, second by Lew.)

Budget Report

Administrative Director Karen MacLean gave an update on budget developments for 2007 – 2009. It appears that the Board is right on track for spending with the 2005 – 2007 budget limitation.

Prescription Drug monitoring program/Grant & Legislation

Executive Director Gary Schnabel provided an update on grant funds and new extension. The Board will provide a report to the E Board in October regarding spending. The Board has received letters of support for this issue. Gary reported that he and Pharmacist Consultant Paige Clark are working with the Pain Commission regarding the PDMP.

Legislative Concept Update

Board President Marc Watt provided information on how the state police have seen these drugs show up in random drug screening with alcohol impairment and reported that they may introduce Legislation to address this issue.

Strategic Planning

Administrative Director Karen MacLean reported that the date, location and facilitator are in place for the October Strategic Planning Meeting.

Appearances

Emergency Preparedness / Q&A with Kate Farthing and Paige Clark

Pharmacist Consultant, Paige Clark, introduced the topic of emergency preparedness and what the State is doing to prepare for future events. Brian Mahoney, from the Department of Human Services (DHS) participated by speaking about DHS Health System's preparedness and Sue Landre spoke on Public Health and awareness for Washington County. Kathy Scott from DHS' Immunization program also participated in this discussion.

Sue provided information on city readiness initiatives. Portland was added last year. Essentially a plan is needed to get oral antibiotics within 48 hours of an emergency. For example, Anthrax. The goal is to protect citizens. The State will have an emergency preparedness session on October 31 – November 3.

Paige has been talking with OSPA about how pharmacies can participate and engage as needed.

The Board asked a number of questions such as: What about language for statute/rules for emergency needs? How *waiver of rules* works via the Governor's office? Labeling requirements? How the "POD" or Point of Dispensing would work? Where the PODs would be located? How do people know where to go? Most of these questions are a work in progress and still being refined and finalized.

Paige's is to find out what the Board's role is in the event of an emergency. It was suggested that NABP may be able to assist with model rules.

Brian thanked the Board for good questions. There are a lot of details relating to an emergency that need to be coordinated. Security is critical. There was discussion about a registry, that would be voluntary and people should coordinate with their employers. A link could possibly be added to our website.

Gary Schnabel pointed out that agencies have a responsibility for business continuity and that Project Manager, Tony Burt is heading that up with management staff to define how the agency would continue operations in the event of an emergency.

The Board asked Paige to come back in September with rules, forms, etc. Board Counsel, Tom Cowan, gave some information to clarify how the Governor's suspension of rules would work for a limited space and time in certain places.

Oregon Patient Safety Commission Update / Q&A – Dave Widen and Jim Dameron

Jim Dameron, Executive Director of Oregon Patient Safety Commission and Dave Widen presented an update on the commission. Dave Widen thanked the Board for the opportunity.

Jim Dameron provided an overview of the program, presented a progress report, and made a proposal. Then he responded to questions.

The Commission was developed to improve patient safety by reducing the risk of serious adverse events occurring in Oregon's health care system and by encouraging a culture of patient safety. It is governed by a 17 member board. It operates as a semi-independent state agency. As a model, it represents a diverse group of healthcare interests. It is asked to do three things:

- establish a confidential, voluntary serious adverse event reporting system in Oregon.
- establish quality improvement techniques to reduce system errors
- share evidence-based prevention practices to improve patient outcomes.

Information reported, is not discoverable and cannot be subpoenaed. The Commission receives no state dollars. Currently they are assessing fees to participants. Out of 57 hospitals in Oregon, 52 have agreed to participate. They want to show how this is value-added. They use information to give back; for example, patient safety error reporting. Best practices are the goal. They are asking participants to disclose in writing. A workshop will be held to help people know how to do this.

Dave Widen spoke about his participation for pharmacy. They are working on a form that is in the draft phase now. A broad group of stakeholders have reviewed it and they are taking it to the next step. It was suggested that it be a 3-part form. Part 1 – did the patient take medication or not? Part 2 – Did it cause moderate to permanent harm? Part 3 – Did it cause serious temporary harm or serious permanent harm and/or death?

The goal is to write rules to incorporate pharmacy into rules by the end of the year. They see opportunities for the Board of Pharmacy to partner with them for patient safety.

- Identify events
- Investigate events
- Come up with solutions to improve

They asked if we can create a program to work together towards a quality improvement option. Board President Mac Watt said it is totally appropriate and it is the way the Board has been moving. Cathy Lew suggested we have something visible like VAWD for participants on the Commission. Jim confirmed they do have certificates for hospitals that participate. From a marketing perspective, this is a helpful tool. Cathy encouraged the use of "adverse event" rather than "error" on the three categories.

The question was asked, how much information is being withheld from national organizations, i.e. ISMP and MedWatch? The Commission is moving toward a national reporting system. They

need to keep the administrative costs low. There is agreement about quality improvement activities. What can they figure out together? Refer people to them as a resource.

Gary Schnabel had additional questions:

- Did statute anticipate the Board of Pharmacy will write rules? No. They have their own rules.
- Would they anticipate us changing our rules? No.
- What does this relationship mean? To be transparent to the public.
- Would we treat a pharmacy/pharmacist differently if they get information and we find out about it? How does the “firewall” work for information? The firewall’s purpose is to help prevent a sanction in the event of a reported error. If we get the information via another avenue, that’s appropriate. Information can’t be withheld from the Board of Pharmacy. They would aggregate data with of trends, etc. the Board. Mandatory reporting is required for diversion.

Tom Cowan commented that there are two parts: the State of Oregon would be better off to know about errors or events. If we knew about these trends, then people can learn.

Dave Widen said he applauds the Board for the direction we’re going with disciplinary alternatives to civil penalties. In response to Cathy Lew’s question, they would be willing to help us on error reporting. It was suggested that we get a meeting together with a workgroup. Marc and Ann will participate.

Tom said that receiving remedial measures in lieu of discipline would be helpful.

The Board thanked Jim and Dave for the informative report and discussion. They look forward to working with the Commission.

Quality Pharmacy Management (QPM) Request

Kevin Jones and Don Tillman appeared to describe QPM’s Internet Based Pharmacy request for approval. A handout was distributed. Kevin provided an overview of who QPM is and what they do.

Quality Pharmacy Management is a pharmacy services company specializing in the provision of after-hours pharmacy services and remote supplemental staffing for hospitals of all sizes.

Jones and Tillman reported that by combining high quality pharmaceutical services with state-of-the-art technology, QPM remotely delivers personal and professional pharmacy services to supplement existing practice.

They provide:

- After-hours medication order review and processing
- Assistance with JCAHO compliance
- Remote supplemental staffing 24 hours a day
- Drug information and clinical pharmacy services
- Adverse drug event reporting and monitoring

They made this appearance to confirm that they can provide this service in Oregon. They expect that their pharmacists will be licensed in Oregon. They would review prescriptions and recommend whether or not to approve them remotely.

Board Member Dianna Pimlott asked why they don't want to be licensed as a pharmacy in Colorado? Kevin said they expect that they would be covered by the local Oregon hospital license. What information base will the pharmacy have to help them? Micromedics.

How will they prevent transmission of errors? (Case specific) What upfront work are you doing to train people to use this wall?

What access into hospital's records will their staff have? Yes, they will have institution record access. HIPPA is covered with their business agreements.

Gary Miner: Do the pharmacists have any way of storing records at home? It's not the intent, but they can't confirm. The record is in the server; the contract is with a vendor. They have the information. It's not a pharmacy.

Dianna Pimlott asked about the upkeep of the server: How would they approach it if a server is down? Do they have direct contact with a nurse? A backup fax would be required.

What's the arrangement between them and the pharmacist? They expect to be listed as a QPM pharmacist of record at the hospital.

Gary Miner: How would they address the issue of an impaired pharmacist? Don't know.

How can we arrange to inspect, if it's in someone's home? They liken it to a pharmacist on-call.

Are they on shifts? Yes.

How can they ensure that security and control on records at home? Professional conduct would apply. It would be their responsibility.

They would license all their pharmacists? They don't have a pharmacy and wouldn't meet licensing requirements. (Floor plan)

Can we waive certain application requirements? Yes. We can require a list of locations for all This will be brought back to the Board in September.

MOTION

Motion to direct staff to develop outlet registration to accommodate QPM was made and unanimously carried. (Motion by Zweber, second by Lew)

Open Forum

Board Member Ann Zweber brought up the issue of Home State Licensure and the financial impact of it. Board decided to table the issue and discuss further at the September Board Meeting.

Executive Director Gary Schnabel reported that Channel 2's Ed Teachout came to interview Gary regarding the good statistics from the Board's efforts to stop methamphetamine use with PE rules. Rob Bovette also appeared and provided recent statistics on methamphetamine use. Gary

Schnabel shared that he received a letter from Senator Gordon Smith thanking him for keeping him informed on current Board issues.

Gary also reported on the NABP taskforces, including the taskforce on Emergency Preparedness, and Standardizing of Student Pharmacists.

Board President Marc Watt spoke regarding mailing #4 regarding legible prescriptions, and asked if the Board wanted to do anything. National Association of Boards of Pharmacy's position is in support. Gary Schnabel is going to check with Health Policy Advisor, Erinn Kelley Siel to see if the Governor is going to require the Oregon Board to do the same. The Board questioned if they have the authority to make the Washington requirement regarding legible prescriptions apply to Oregon as well. Board discussed and decided to add topic to research council on Electronic Transmission.

Cathy Lew talked to ICPT today about accessibility to information. They have a new website. They will work on getting their site more user-friendly. ICPT staff will be in contact with Board staff to follow up. Also, they are looking for more test centers, such as the community colleges. They will do a secure paper and pen exam mobile testing site for 10 or more. Lazergrade will be updating their website to reflect Oregon and SW Washington testing locations. ICPT is also adding a toll free number. Board requested that ICPT and PTCB appear at September Board Meeting to provide an update.

The Board thanked the interns who stayed all day.

Board Member Bernie Foster thanked Board President Marc Watt for a good meeting.

MOTION

Motion to adjourn the meeting at 4:15 was made and unanimously carried. (Motion by Zweber, second by Howrey.)

Minutes Accepted By:

Gary A. Schnabel, Executive Director
/s/ Gary A. Schnabel, R.Ph., R.N.
